FIJI’S TOURISM MINISTER TAKES THE ROAD LESS TRAVELLED!

Off-Road Cave Safari 's Bill centre with Mr & Mrs Kaiyum with the Wise family from Australia.

Fiji’s first and original Off-Road Cave Safari was visited by Fiji’s Minister of Tourism Mr. Aiyaz Saiyed Kaiyum and his wife Mrs. Ella Kaiyum in early January.

The Minister was taking time out of his busy schedule to spend time with his family in Sigatoka. The two enjoyed the best of both worlds, as they experienced the jet boat and the ATVs making their way to Fiji’s largest cave system.

The Wise family of Australia were also on tour with them. They chose to do Off-Road Cave Safari after their experience on Sigatoka River Safari earlier in the week.

They were quite delighted to be sharing their *Naihehe* experience with Fiji’s Tourism Minister.

When asked about their adventure, the Wise family commented that they loved the ATV’S, the swimming in the water springs and the fantastic lunch.

“It was amazing to have the Fiji’s Tourism Minister explore the Naihehe Cave with us,” they said.

TEAM STARWOOD DISCOVER NAIHEHE!

On the ATV's ready to depart

At the end of Naihehe Cave with guests & the high priest

The outgoing Starwood group enjoyed the thrilling ride on the ATV's and of course the stop over in the villages to give the children a few high five.

Taking pictures of the beautiful Sigatoka valley that is so lush and green, and of course learning all about the history of the area.

It's always a great sight to see locals taking time out to learn more about their culture and the rich history of their country as well.

Having heard stories about this "NEW" adventure the team at Starwood decided that they wanted to see for themselves what the excitement was all about.

Perina Qoro, a Weddings Coordinator for Starwood was full of praise of her experience on the road less travelled.

"Truly the best Fijian experience ever. You have to be there to experience it no words can describe the thrill of it all," Perina said. "Don't forget to dip in that refreshing pool after lunch and the scenic ride is all worth the while," she added.

The (Bete) high priest and his family were filled with joy and happiness to have their new friends from Denarau visit their humble abode.

We look forward to welcoming more friends from the industry in the near future.

FIJIAN UMBRELLA??

THIS IS WHAT HAPPENS WHEN IT RAINS IN THE VALLEY

Two days after the destructive cyclone Evan hit Fiji, nothing could detour Mr. and Mrs. Graham from experiencing our Off-Road Cave Safari.

The gloomy and wet weather only added to the adventure for the care free couple.

Even with the heavy down pour, it didn't take long for Chief Graham to improvise as he was returning from Naihehe Cave.

In an instant, he broke off a branch known by the locals as the "Drau ni via" and used it like a true Fijian would; as an umbrella.

Mr Chief and his wife had a very memorable adventure with us on the Off Road Cave Safari .
